John:

The EPA looks forward to discussing issues concerning the Arkwood site in our Region 6 office in Dallas, Texas. We remain available on Wednesday, December 11, 2013 and propose a start time of 1:00pm CT.

We assume that the issues for discussion are the items in your letter dated October 29, 2013 to me. Please advise as to the names and/or number of McKesson representatives that will be attending this meeting so that EPA will be able to select a suitable conference room to accommodate both EPA and McKesson participants.

Ms. Moran:

Please find attached a redlined draft of the Corrected Deed Notice [and Restrictions] for the Arkwood Site reflecting the comments of McKesson Corporation. Our comments are designed to insure preservation of the existing remedy, including the engineering controls, and ultimately, human health and the environment, all consistent with the terms of the Corrected Consent Decree and the Record of Decision.

We would be happy to discuss any or all of these comments with USEPA and/or ADEQ at your convenience.
